

Recommendation Letter

To whom it may concern,

I am pleased to recommend komol Krishna paul, who completed the FlyRank AI Internship Program from July 1, 2026 to September 7, 2026 in the role of Machine Learning Engineering Intern.

During the program, komol completed 11 practical assignments applying curriculum in Data wrangling, Embeddings and clustering, Intent and opportunity modeling, and Insight to action.

The program record documents at least 80 hours across practical assignments, accepted capstone work, and verified Anthropic Academy courses.

As the culminating project, komol completed "Google Search Ranking & Discoverability Capstone," which was reviewed and accepted by the lead track mentor.

Participation also included 6 verified Anthropic Academy courses.

Based on this verified completion record, I recommend komol for opportunities aligned with machine learning engineering and applied AI roles.

The approved internship specialization was Machine Learning; the independently qualified completed tracks were AI Fluency, Machine Learning.

About this recommendation	
Recommendation for	komol Krishna paul
Program role	Machine Learning Engineering Intern
Program completed	FlyRank AI Internship, July 2026
Primary specialization	Machine Learning
Completed track(s)	AI Fluency, Machine Learning
Participation period	July 1, 2026 to September 7, 2026
Program supervisor	Arijana Ibrović - Director of Internship Program

Sincerely,

Alen Malkoc
